

PROPHETIC INDICATIONS

A Publication of The Glorious Restoration
Coming Changes and the Shape of Things to Come

By Ken Purvis

The purpose of this newsletter is to share prophetic insights with you that began as far back as 1995 with this surprising statement: "**There are ANCIENT PROPHECIES over this LAND that will have a fulfillment.**" It was followed with this addition: "**Five-hundred years ago.**" My first response was these are not Christian prophecies due to their early time period designation. Plus, I was struck by their focus on land rather than people. At the time I was staying in Orlando, Florida and shared this with a brother whose spiritual insight and discernment I had confidence in. His response was, "I bear witness to that." I was still quite puzzled over this unexpected communication and trusted further clarification would come to substantiate it.

Almost 10 years would pass before I would have further understanding of this. It came during an annual spiritual gathering of individuals at a campground in South Louisiana, attended by a mixed group of individuals who had moved past their traditional Christian roots, seeking deeper paths of spiritual awakening. I was fortunate to connect with certain ones and established relational bonds that would last for years to come. During the several days I was there I was given a book, "Return of the Bird Tribes" (HarperSanFrancisco, 1991), authored by Ken Carey. I poured myself into its pages as it uncovered deep spiritual roots of ancient tribal cultures who had visitations with what we would perhaps term as angelic entities. They foretold changes in the next 500 years that would come to this continent as the result of European settlers pursuing various exploitive incursions. These included the destruction that would drive native inhabitants from their land and virtually into extinction, as well as the spiritual darkness that would result. However, it also revealed a future time of restoration that would come and heal the land and its inhabitants as the result of "COMING CHANGES."

This is to be continued as we look next at the beginning of the "NIGHT WORDS" and the prophetic insights they bring to light. I am attaching one such word for you today.

Blessings, Ken Purvis

19-1102-01 NIGHT WORDS-INTERNAL VIOLENCE IS AT THE CORE OF THE EARTH

INTERNAL VIOLENCE is at the CORE of the EARTH and yet it will belch out, it will regurgitate out its contents. For violence of the heart, thought, and mind, shall come to the surface and expose itself. It shall take itself to war and expose the animosity, **the hatred that is at the core of the human heart**. The things that are coming forth that have been spoken to you that will be manifest, yet first will be spoken through you; will reveal the DIVIDE, the deep core of CONFLICT. Hearts are already at war. Violence is already in the thoughts, but it shall take to the streets, and it shall come forth openly.

These things shall not happen all at once all over the entire planet, but they shall happen repeatedly. Yet you were told you would be safe from such violence; it would not touch you. The answer is to be joined together to a company of people through the WORD. A people who have the WORD in their heart are established in faith, in confidence and trust. These are they who are protected. These are they who are in the Ark of Safety that is being established through the WORD.

Let it come forth from the heart that deep desire to see a day of GRACE and MERCY and PEACE come forth to wash clean the spirit of iniquity, the spirit of lawlessness that runs throughout the earth. Such a day is at hand for those who are willing to lay down their arms, to lay down their violence, their hateful thoughts, and recognize the INTERNAL CONFLICT, the animosity; to attempt to uproot its violence. The DAY will come. The DAY will bring itself forth into the open. But let your heart be aware of such animosity and not get caught up in it. Let your heart find a place of stillness, rest, and peace and safety, that you not get caught up in the storm of violence.
