PROPHETIC INDICATIONS

A Publication of The Glorious Restoration

"Coming Changes and the Shape of Things to Come"

by Ken Purvis

Due to current events and developments taking place on a global scale, we will resume our regular publication following this special edition. Through the recommendation of a very close friend, who has followed these words for over thirty years, I am sharing the following word in light of potential military aggression that could very well start the dominos falling. It came nearly a year ago and is in four parts. Whether you read it all at once or in sections, you are encouraged to read it in its entirety as it contains numerous clues as to what is about to transpire on the world stage.

21-0219-01 NIGHT WORDS-PREPARE YOURSELF FOR THE SOUND OF WAR

"Prepare yourself for the sound of war. Though it often appears to be saber rattling, there is a move underneath, under foot, to strike a blow to instigate conflict. It is like a testing of the waters, a certain power which is to engage itself to push forward and yet to push back other nations. The tension is building, strife is intensifying, but there shall come those moments when a fuse is lit. It is not that it cannot be put out, but it is pushing the envelope, so to speak. It is pushing the limits because there are those who are ready to engage a more violent conflict to show their strength, their power, and to test the resolve and strength of other nations. It is just a matter of time now when these things are being brought forth into the open as a manifestation of hostility.

21-0219-02 NIGHT WORDS-TERRITORIAL WATERS ARE ABOUT TO INTENSIFY IN THEIR DISPUTE

"Territorial waters are about to intensify in their dispute among some nations which is part of the engagement of conflict, the willingness to extend hostility openly, to face up to the fire. And the question is, will those nations be willing to be drug into open conflict when what is at hand is an engagement that will not end suddenly or simply with diplomacy? Once shots are fired and forces are engaged there will remain a state a constant alert, war at hand. As you were told before there are nations that will move to test the strength of other nations, to engage for exploratory purposes, and to see if conditions are right for them to make certain moves. Because there is a sense that no one else will intervene other than to voice protest.

Tension among nations is about to become more volatile, which will create a greater uncertainty in the world. Let your HEART and MIND prepare to witness such things, and yet to do so from a point of interest: What does Heaven have to say? How are such things to be viewed in light of the stress of nations that is coming forth and the tension of the earth in response?"

21-0219-03 NIGHT WORDS-ALSO BE AWARE THAT CERTAIN ENGAGEMENTS OCCUR TO DIVERT ATTENTION FROM OTHER MATTERS

"Also be aware that certain engagements occur to divert attention *from* other matters that are already insidiously at work to divert attention, so not to draw attention *to* those things that will demand a reaction or a state of emergency response. Friction between nations is about to open up. As you were told there are nations that will move more aggressively to strengthen their hand and even to call a bluff; but once set in motion there is full intention to carry through even to the point of limited invasion.

It is to put the world on heightened alert because these nations whose aggression is about to become more open are seeking to call out into conflict certain other nations that they are confident they can engage and

take advantage of certain weaknesses. Small nations will begin to react and mobilize for invasion even of their neighbors, even while larger nations intensify their aggression and subtle intentions.

You were told recently there is a heating of the core of the earth. This is both physical as relates to this planet, increasing explosive tension like that of a volcano heating up. But it is not just the physical aspect of the planet being intensified from the core center, it parallels the intention of the heart to make aggressive moves to strengthen their hand, even through intimidation but also through limited engagement. ...

When certain forces are engaged or released, there is a point in which there is no turning back. The United Nations itself will become essentially neutralized because of its own internal conflict and power struggle. This is the purpose of certain nations releasing hostility. They wish to throw the world into a state of confusion so there will not be an aligning together of forces to respond. Tensions are about to erupt. You are entering into a year of more open hostility and engagement. For some of these moves will be very subtle in how they openly manifest and what their intentions are. But it is truly a time of *nation against nation*; larger powers seeking to expand their power base and literally to invade other nations to take for themselves what they would.

Territorial disputes will intensify but become more open, for certain nations will see how far they can push and be allowed to get away with their aggression. This is due to other issues taking place on the planet that will engage nations in such a way as to strain their resources and demonstrate their lack of preparedness or their weakness that they cannot respond to the degree of hostility they are being challenged with.

The fire, the coals, are being heated up to move toward a time when there *will not* be a reversal of such actions being engaged. But yet, know this, there are other problematic issues that will also come forth that are not the result of subtle planning of certain nations, they are the response of Heaven engaging the tension coming out of earth itself. These are the

signs of the heavens that will cause many to suddenly look up and realize there's much more to be recognized that is taking place than previously anticipated. It is like moving from a third-dimensional to a fourth-dimensional engagement.

Technology is intensifying to such a degree that it will be difficult to ascertain the source of conflict and the strength of power that it can engage. It will be a war of emotions, a war of minds, not simply a war of words, a testing of strength, a testing of skill, a testing of technology. There will not be the respect of diplomacy once effective. It is like a disease that gets out of hand and the realization of the imbalance that it creates and the resources that it strains and the weaknesses it exposes.

Nature itself will be radically impacted, affected, and engaged. These are part of 'the Ancient Prophecies' that you were told concerning. It is a war that will engage on several levels and will strain the mind and the emotions. It will test diplomacy. It will test resolve. But the *spirit of iniquity* is coming to light out of wickedness that has been like an internal disease coming to the surface. It will become very toxic and cause the nerves to be strained. This is where the statement, '*and men's hearts will fail for fear of things coming,*' will come into play.

FAITH must be strengthened and yet directed purposely to understand what is at work here, and how TRUST must be maintained in the Word and in the resolve of Heaven itself to uproot iniquity, expose judgment, and cause internal darkness and chaos to surface. It is like a ticking clock or time bomb being initiated. Many of these intentions have already been set off but will begin to surface because there are things occurring in secret places, behind closed doors as you were told, that will be exposed and brought to light, forced to make their play.

Let your FAITH be CENTERED in HEAVEN. Let it draw from a deeper well within your own being lest you react in fear, or out of your emotions and not out of the CERTAINTY of Heaven's backing. The scripture says, '*And I will keep you from that hour of testing, that hour that is coming up on*

the whole earth.' You were told that your strength and protection must come from *WITHIN* rather than from *WITHOUT*. It is the certainty of being able to *see beyond* the face of conflict and know what truly stands waiting to be brought forth. Because the Kingdom of Heaven is coming into view for those who truly seek its expression, not only in their heart but as a manifestation of Divine Intention. Knowing that LIGHT must overtake the darkness of men's SOULS, and strength must arise not from warfare or show of strength militarily, or even economically; but strength must arise from the assurance of the WILL of HEAVEN.

A new style of leadership will emerge in these days. A testing of strength will be engaged, but a true strength will emerge among those who have Heaven's Ear and Heaven's Heart. ...

Darkness cannot win. Darkness cannot sustain and maintain its will, for it only functions in the absence of LIGHT. But LIGHT will arise among a people--a house with a VOICE, with discernment and understanding of the times, and the ability to direct attention in the Word to those things coming to light *previously hidden*.

Prepare for war. Prepare for engagement. But prepare for a world literally being turned upside down. True strength comes from FAITH. True HOPE is based upon the CERTAINTY of the foundation of FAITH arising from the WORD. For these things that are coming to light find their foundation even in the present creation of this world and its early foundation. This is a divine engagement, and the forces of heaven will not stand idly by but respond to those who have Heaven's Ear.

This is the time of the great SHIFTING of the AGES, to bring forth a more distinctive age like none ever before. This duration, this season, the years of this pattern of occurrence will run its full course. That is why it is often said, '*these are like the days of Elijah,*' when the power of the Word of the Spirit conveys more certainty, clarity, and strength, than the voices of this world.

Truly, '*it is not by might nor by power, but by the SPIRIT, says the Lord of Hosts.*' For it is the Hosts of Heaven that will prevail because of the strength of a people who step into their proper place and position, disregarding the voices of those caught up in the delusion and the confusion of their thinking, that they speak for heaven when they don't.

This whole electoral process was the lighting of a fuse. Many think that it will bring forth peace among the nations, but that will not happen. There will be rogue nations and rogue powers that will step ahead to light the fuse, to create strife and tension in the world, to gain access, to gain an advantage through the suddenness of their aggression.

'*Forever the WORD is settled in Heaven.*' These truly will be days of restitution in which justice will run its course, every hidden thing brought to light, every secret intention being made to surface. Strength *will not* be exhibited by outward force or armament, but in the certainty of what the future looks like as a result of a *definitive prophetic* voice.

True leadership will arise among those who are not swayed by the traditions of the past, but who see clearly and accurately and have the HEART of the Father, knowing there is no other way to change the course of a world that has already set forth its intention for open hostility and destruction. You want to turn your attention toward matters of importance even as I said to Martha, '*You are distracted by so many things. Only a few things are needful, actually only one.*'

And yet it will bring about the greatest invasion of the Spirit among peoples previously concealed in darkness and uncertainty, but who will witness a great LIGHT, who will witness the intervention of angelic forces and visitations. Heaven is moving and will not remain silent. Change is imminent. A Kingdom is arising in the heart, mind, and will, of a people with a new understanding, a new voice, a new message, and seemingly a new foundation. It will not be hampered by deceitful voices, confusion of the past.

21-0219-04 NIGHT WORDS-IT WILL BE A TRUE TEST OF POWER

"It will be a true test of power for the true POWER of HEAVEN comes from the THRONE, from the HEART, and the WORD declaring what is in the HEART. The power of Heaven depends *not* upon the will of man, the strength of man, the skill or the intellect of man. This is why it was said that '*Abraham BELIEVED God and it was accounted to him for RIGHTEOUSNESS.*' His FAITH repositioned the status of history and its outcome. It literally placed the future in the hands of ONE MAN because of his TRUST, his FAITH, and his WILLING HEART.

That is your LINEAGE. And what you must realize is he who RULES from the HEART of GOD will GOVERN the heavens, will literally RULE the heavens and will OCCUPY the heavens. That is why you see in Revelation 11 the *Two Witnesses*, or the Two-Witness Company, have power over earth, over resources, over nature, and the attention of the world will be focused on what they bring forth. The power of the Kingdom has nothing to do with the might of man but on the CERTAINTY of the PROMISE, that every PROMISE will be fulfilled -- *No word shall return unfulfilled.* The *heavens* are the KEY. The *heavens* will be the STAGE of what really is significant in its appearing, it's coming forth and bringing about.

The forces of DARKNESS -- the power of *ACCUSATION* and *JUDGMENT*, have ruled the heavens and kept the earth in confusion, darkness, in chaos and in uncertainty. But there is an ANOINTING coming forth in this hour to be distributed upon true *emissaries*, true *ambassadors*; true *voices* whose words will not be put to shame but will bring forth a true message of HOPE for all who enter into that refuge. ... Even as David declared that he *had* faced the lion and the bear successfully, he was now preparing to enter *another* stage of conflict, to deal with the cunningness of the human MIND and the powers of darkness that operate through the SOUL of a separated humanity.

For you see, these are dark forces. They are like *hierarchies* of power and strength who operate subtly, or even in the subconscious realm. But they are coming forward into the open and they seek voices to declare their intention. It is a challenge of (to) Heaven. It is an arrogant boast against Heaven. But it is the PRIESTLY company that carry the Ark of the COVENANT--the AGREEMENT of the Word of God carried in the HEART and SOUL of a people coming forth with a mission. Just remember Israel could not enter the land of Canaan until the ARK went before (them). You will understand even more increasingly the symbol and the meaning of what this is. A PRIESTLY company must administrate the WILL of Heaven and earth. No army can match the power. It is the power to release Heaven and the heavens in a display of wonder. For you see, the Hosts of Heaven stand ready to respond to such a voice.

Just remember I stood in the presence of Pilate and declared how easy it would be to call forth the Hosts of Heaven in response to the arrogance of humanity. But that was not the time nor the purpose of the moment but to set the stage for when the time *would* come. The Lamb will not be meek in that day whose INNOCENCE will remain intact *yet*whose strength will be as the force of the Lion engaged. INNOCENCE is the basis of true strength. It has no deceitful motive or hidden intention. RIGHTEOUSNESS is the government of Heaven coming forth in the HEART of a people who UNDERSTAND the strength of MERCY and COMPASSION, but who also realize the declaration of the WORD of God has no match. Once released it will accomplish without failure its intention.

Armies will be stopped in their tracks. The release of violent intentions and aggressions will be suddenly shut down in that day that is coming on the heart of a people who have come into full agreement with Heaven. Once again this reflects the vision of the image of the High Priestly ANOINTING (Psalm 133), when this ANOINTING runs from head to foot, and everything in between is perfectly aligned. This will be the ARMY of HEAVEN whose force, whose will, whose strength, whose power, is yet to

be manifest. '*Neither Has it entered the heart of man the things God has prepared for those who trust Him and love Him with an undivided HEART.*'

The course of this world will be reversed. Darkness will be uprooted. Iniquity will be made to surface and be brought into the fire of judgment. The judgment of humanity will create its own fire and turn on itself until every heart cries out for MERCY and FORGIVENESS.

This is about understanding the PRIESTLY role of *mediation* for *all humanity*, for *all creation*. This is what will set TRAVAIL into full motion, to birth that which has been coming forth from long ago. The immortal, incorruptible SEED of God shall arise in the SOUL of a dedicated people of a WILLING HEART, even as Mary proclaimed these words, '*Let it be done unto your servant according to your WILL.*' These are the greater works that shall come forth, the greater display of the manifestation of power. It is not a power play; it is a reality *birthing* forth. Shift your focus. Shift your attention. Shift even your own attitudes and emotions to come in line with the WORD and the HEART of GOD.

These are like the days of Noah; but these are days that will hasten and not drag out. These are not the days that will *extend* the patience of Heaven. These are the days that will try the patience of humanity: '*In your patience you will win your soul.*' But the PATIENCE of God is CERTAIN because HOPE having been secured the outcome is already determined. Arise in your HEART for the REDEMPTION of the Son of Man shall be completed, and the CHRIST shall arise in his being, and Heaven's SON shall come into his rightful THRONESHIP, ADMINISTRATION, and GLORY.

Let your lifestyle now be consistent with your call and purpose. Let your appetite be for *the hidden manna, the implanted WORD* which will *save your SOUL*. News from HEAVEN is all that you need to focus on now. Nothing else is RELEVANT. Nothing else is CERTAIN. Nothing else MATTERS."
