

## PROPHETIC INDICATIONS

### *A Publication of The Glorious Restoration* **"Coming Changes and the Shape of Things to Come"**

*by Ken Purvis*

This ongoing pandemic issue has truly been a wakeup call, a foretaste of things to come. If for no other purpose it is a preview of a continuing state of deepening conflict with no resolution in sight. Even as it has pitted one side or voice against another, so will it become evident no human voice, governmental body, or media agency, understands the real nature of conflict nor its solution. The self-centered nature of humanity is not concerned with the good or welfare of the whole planet. Most, it seems, seek only solutions to their own situation as how to profit or protect from conflict. Realizing this we can perhaps better understand the INTERNAL nature of the Kingdom of God. It is not a direct response to the conditions of the OUTER world as if to change the world before our eyes. Rather it is a birthing of RIGHTEOUSNESS in the heart of humanity revealing the Divine Nature of LOVE, JOY, and PEACE. All this is concealed in the innermost depth of the SOUL, where CHRIST is contained in a MYSTERY to be revealed as the HOPE of GLORY. **Yet it must be matched on our part by MERCY and COMPASSION toward all humanity.** It is this that demonstrates the Heart of the Father toward all creation and our need to work out our *own* salvation through FAITH and LOVE toward one another:

<sup>18</sup> Now **all *these things* are from God, who**

- reconciled us to Himself through Christ **and**
- **gave us the ministry of reconciliation,**

<sup>19</sup> namely, that

- **God was in Christ reconciling the world to Himself, *not counting their trespasses against them,* and**
- **He has committed to us the word of reconciliation.**

(2 Corinthians 5 NASB1995)

22-0421-01 NIGHT WORDS-BEHOLD THE SIGNS THE CHIEF OF WHICH IS A RED FLAG FLYING

"Behold the SIGNS, the chief of which is a RED FLAG flying with its golden stars. The flags of many nations are represented in this present era of conflict and confusion. It is a time of CONTRAST actually as every heart, every thought, and every intent will be judged, is being judged, and will be brought to light. You ask, 'So what is the purpose of this conflict, this war? How does it configure in all of this?' Because whenever there is a forceful demonstration, an uprising and engaging as this, every mind and heart responds in thought, in word, and perhaps in action. But the weighing of the heart, the weighing of motives, occurs in this moment. And that which challenges the role of humanity -- the nature of conflict, the force of destruction, and the question, 'how far will this go,' really belies the question, 'when will this reach me' and 'at what point am I affected by this'?

You were told that **this would escalate even further, and it has, and it will.** It is like a fire when left to burn, it spreads, it consumes, and it challenges whatever gets in its way. There is a *wolf* and there is a *bear* enraged, lunging forward to attack in a very aggressive manner. No one escapes the effects of this challenge for there is much consumable material, fodder, in this present conflict. And it will expose the nature of the heart, the level of trust -- 'whose side are we on?'

Let the heart take note of the force that drives this conflict. Why? How deep will it go? How far will it thrust itself even unto Heaven? You have been told that Heaven would respond, and does not the Scripture declare: *'I will once more shake the earth, but also the heavens'*? (In other words) I will empty the nations; I will pour out of the wrath of **JUDGMENT among the peoples.**

**Prepare for intensifying, the spreading of this war like an unquenchable fire,** its capacity to affect every SOUL and bring to light every heart and thought. It will begin like a fire, spread, and erupt in various places and locations. **The world is at war. It is an INTERNAL war.** But like a fire its heat spreads its destructive effects. It cares not what gets in its way but to consume, to control, and to dominate. For you see, the major player has

yet to play their hand. It's 'wait and see' attitude is to carefully pick the time of its entry, which will be sudden, violent, and volatile. The Sleeping Bear will rise to display its animosity, its destructive power, its uncontainable force.

You were told this war would also be one of technological input, expertise, and employment. It is a war. It is a battle raging, a war of nerves, a challenge of diplomacy, and the will to dominate, destroy, and control. The SOUL is enraged, and the spirit of lawlessness has been ignited, coming to the surface. The heavens will be filled with its smoke. The earth beneath will be consumed in its wrath and explode in response. This conflict is deep and high and widespread. Every means of engagement will be employed.

Let your heart take note in response to these things as to the nature of 'where will you stand? What position will you take? What will be your response?' For you see, no one shall hide from the ultimate destructive force that is being released. Let your heart find its position; discern the nature of its response and reaction. Yet let there arise from deep within your innermost being a sense of purpose, the recognition of the nature of divisiveness that is at work. It is like an all-consuming fire; not one SOUL shall be left untouched without a response, without an effect.

Let your heart find its foundation, intention; *you might say* 'choice of weapons,' to defend, to attack, to engage, to respond. But the question is, **'at what point does MERCY arise from the SOUL of mankind, and COMPASSION in recognition that this is an all-out war.'** It will not be isolated in a few appointed places."

The previous word came during the recent early morning hours of Thursday, April 21. I have been sitting on it since to incorporate in this newsletter. Two days ago, I read a statement by President Zelensky of Ukraine confirming Russia's intention to expand this invasion with no apparent end in sight:

President Volodymyr Zelensky of Ukraine said on Friday: "This only confirms what I have said many times," Mr. Zelensky said in his nightly address to the

nation. **“The Russian invasion of Ukraine was intended only as a beginning, then they want to capture other countries.”** (The New York Times, April 23, 2022)

This AGE will culminate in recognition of mankind's utter failure to bring about world peace and harmony. It is a SOUL issue. Yet in recognition of the untenable situation the world will ultimately find itself in, it becomes apparent help must come from a higher dimension, a higher voice. This HIGHER DIMENSION is found in the DEEPER realm of our INVISIBLE SELF, the CHRIST in us. That is the SELF we all SHARE as ONE where UNITY is the very nature of its creation in God. This is the nature of

- the PRIESTLY COMPANY that David foresaw as part of the Melchizedek Order, and
- the SON of PROMISE who would come from his lineage to bring forth the Kingdom of God through RESURRECTION and ASCENSION --
- a SHEPHERD, a KING and HIGH PRIEST all on a single THRONE.

The role of SAVIOR and SALVATION will ultimately fulfill its objective and no more be needed. Yet the SON, the SHEPHERD KING, the HIGH PRIEST after the Order of Melchizedek, will remain forever. This is the Kingdom that rises above all the kingdoms of this world. Yet it rises not from the OUTER world but from WITHIN a people who have fully turned within to follow the INNER PATH home to the FATHER and to the KINGDOM within.

Blessings to each of you,

Ken and Sally
