

PROPHETIC INDICATIONS**A Publication of The Glorious Restoration*****"Coming Changes and the Shape of Things to Come"*****by Ken Purvis**

Due to the recent unprecedented and violent attack of Hamas against the nation of Israel, I was reminded of this word that came to me in April of this year and now recognize it is unfolding before our eyes. It is a *tidal wave* set in motion, an unstoppable force of DARKNESS that only Heaven can prevail over. However, it must now run its full course.

23-0406-01 NIGHT WORDS-A WAVE OF DARKNESS IS ABOUT TO ROLL OVER THIS PLANET

"A WAVE of DARKNESS is about to roll over this planet and cover the face of the earth. Darkness deepens its division constructing a DIVIDED HOUSE, whose division shall intensify creating greater opposition and conflict. For you see, this planet, this world, must be plunged into an intense darkness to expose the insanity that drives this race. They are truly in the dark, yet the darkness shall increase.

The tension will intensify until the SOUL of humanity begins to reveal the CORE of its hostility. It will become *too much* to bear if one seeks to hold back the darkness. Find a refuge, find a place of safety, a place of hiding; yet let it begin within the heart to understand the nature of darkness as though it is being poured out by Heaven itself. Let your mind come to a place of order and certainty, that PEACE may prevail for you, and you understand the DARKNESS that creates this chaos and confusion will continue its course as though unstoppable.

Let your HEART find within itself a DESIRE. Let your *own* heart find its refuge deep within your soul, for it is the SOUL of mankind that is being called forth to witness the destruction and the calamity until it awakens and cries out for MERCY and for COMPASSION, to stand and intervene in behalf of mankind. As expressed in that very question, '*Am I my brother's keeper,*' it will become quite clear

- that man's only redemption is the release of JUDGMENT and CONFLICT between each soul upon this planet,
- that there is a responsibility that must awaken in the HEART and SOUL to intercede, to intervene and seek reconciliation, not further divisiveness but MERCY.

For the helplessness of mankind shall become quite apparent, though he has created this turmoil he of himself cannot change its course. He can only turn toward Heaven and cry out for 'HELP'."

The following word came over six years ago indicating a turning point of irreversible consequences once Heaven intervenes to force mankind to look into its own soul in the mirror of truth.

17-0629 NIGHT WORDS-THERE IS A SATURATION POINT IN WHICH THE PICTURE SEEMINGLY BECOMES HOPELESS

"There is *a saturation point* in which the picture seemingly becomes hopeless and a SHIFT--an appointed release of those things being spoken and declared to come is set in motion. (It is) *a saturation point of darkness* when so many minds and hearts are given over to destruction that it requires Divine Intervention and the *heavens* must respond. This world shall move toward such a (climax) that it requires a response from Heaven.

- And that is not to DESTROY life, but actually to PRESERVE life.
- For it is still necessary that the *heart* and *soul* of humanity take on the responsibility for the condition of those things affecting the earth.

Therefore, intervention is necessary yet minimal, until the heart awakens and recognizes the responsibility for the cause of such conditions, to call forth a repentance. What you must understand is that

- in order for peace to come there must first be a cleansing, a purification, or a judgment, in order to awaken the heart to recognize truth. And
- in so doing there comes a revelation of GRACE and MERCY.

For it is still necessary that the heart of humanity turn toward itself--to embrace itself by embracing each other.

- For the spirit of ACCUSATION and JUDGMENT must be removed from the heart and mind.
- Therefore, humanity must be brought to a recognition of its own responsibility for the whole planet and for all life."

It has been over a year since the last newsletter, a series in which I tell the story of my own personal journey how I was brought to understand the origins of "ancient prophecies" foretelling a coming destruction, yet how "Coming Changes" would result once this SHIFT is complete and a New Age dawns. In them many of the tragic events now occurring were foretold along with understanding why they are necessary. I will be bringing a number of them back to light through future publications to bring greater understanding of *what* is happening as well as *why*. You can access them at our website listed below.

GRACE and PEACE to each of you,
Ken and Sally
